No. J-3-745/46 dated 13-2-1947

Sub: State Trading Schemes - Loss in storage --
Ammonium Phosphate - Hospet taluk - write off -
- sanction requested.

As a result of the verification of stock at Hospet depot in Bellary District, for the half year ending 30th September 1945, a deficit of 634 lbs of Ammonium Phosphate was noticed. The quantity handled during the period was 137 tons 170 lbs., and the deficit works out to 2.16%. It is explained that the shortage was due to inadequate packing, as the gunnies used were so thin that most of the bags were in a torn condition at the time of receipt at the Hospet railway station. A portion of the contents of the bags was lost in transit. The District Agricultural Officer certifies that nobody can be held personally responsible for the loss.

2. Under the circumstances, I request that Government may be pleased to write off the loss of 634 lbs. of Ammonium Phosphate valued at Rs. 91/3/- (Rupees Ninety one and annas three only).

Your Obedient servant,

For Joint Director of Agriculture
